Hail, Wind Accompany Inch of Rainfall on Tuesday Afternoon

Trees Are Blown Down on Roads, Slight Damage in Antioch

A storm of rain, hail, and wind struck Antioch late Tuesday afternoon blowing down trees and doing slight property damage.

The hail was in some instances almost as large as golf balls, but the pellets were soft and broke as they hit hard objects. Skylights suffered little or no damage.

Traffic was delayed on Rte. 173 east of the village while road men worked in clearing fallen trees. In two places traffic was restricted to one lane when trees blocked the highway.

The rainfall amounted to slightly more than one inch which added to the 45 inch Saturday gives the month of July a good start in precipitation.

A large window at the Dalgard Food Mart was broken, and neon signs in the down town section were badly damaged. One of the larger signs to suffer damage was at the Reeves Drug Store.

Because the power was off, the street lights did not turn on automatically and the equipment necessitated re-adjustment.

Hail Destroys Corn

The hail destroyed corn in the community. Village Clerk Clarence Shultis who had some in tassel has given up the idea of any results from his garden which was flooded as well as riddled by hail. Other gardens suffered as well.

The rain during the night brought the total for the two days to 2.92 inches, and the total for the month to 3.37 inches which is more than the usual amount for the entire month of July.

The main path of the storm was north of Antioch in Wisconsin and en angle south through Winthrop Harbor where it leveled trees and tore off roofs. The path extended north to Kenosha.

Tornado winds reaching as high as 100 miles an hour hacked a path from Madison, Wis., to Zion, Ill.

Storm Ends Concert, So Band Practices Instead

The sudden rainstorm Tues. evening brought the public concert of the Antioch Village band to an abrupt ending in the middle of the first number.

The bandmen were playing a lively march when the downpour came and sent them scurrying to shelter. They spent the evening indoors practicing for the next concert which will be in about two weeks.

No attempt was made to postpone this week's concert William Lahit said, because it would throw the summer program off schedule and inconvenience visiting artists engaged for each concert.

Open Golf Range

A practice range for golfers known as the Antioch Golf Range has been opened on Rte. 21 three miles south of the village.

Withdrawal Request of Hickory Corner School Area Again Is Granted

The Lake County Board of School Trustees approved the petition of the residents of the north portion of the Hickory Corner Grade School district to withdraw from that district and be annexed to the Antioch Township Grade School.

This is the second time the board has granted the petition. The first time it was appealed to the circuit court, and then withdrawn. This time it had a few more signatures involving a total of 1 1/2 square miles of territory.

So much territory is withdrawn that the tax value of the amount left in the district will not be sufficient to operate the school. Whether the decision again will be appealed was not stated.

The petition to withdraw Lake County territory in the English Prairie School district in McHenry county was withdrawn. It is expected that an amended petition will be filed later.

Lake County Fair Will Award Prizes to 1000 Different Exhibit Groups

The 1954 Lake County Fair will award several thousand dollars in prizes to exhibitors in more than one thousand different exhibit groups.

The fair will be held at Wauconda July 29 to August 1. Exhibitors will find in the premium list a show classification to appeal to their vocation and hobby interests. Whether a person is a farmer, a homemaker, a hobbyist, or an artist, he will find in the Lake County fair an opportunity to display subjects of his interest.

The livestock classes including dairy, dual purpose and beef cattle, swine, sheep, poultry, pigeons, and rabbits should attract farmers and fanciers.

The agricultural products class which includes grains, corn, hay, and the class which includes horticulture.

All kinds of vegetables and fruits should appeal to farmers and all gardeners.

One of the big attractions of the fair both from the exhibitor's and visitor's standpoint, is the flower show. This should be of special interest this year as plans are being made to provide air conditioned exhibition rooms. The flower show provides for exhibition many varieties of cut flowers and potted plants.

In the fine arts class there is plenty of opportunity for the shutter and brush artists to display their talent. Black and white photography, enlargements, and paintings in oil and water colors will be entered in the fine arts class. Auditor Says Better Recording of Parking Tickets Needed; Fine Collection Boxes May Solve Problem

Lions to Investigate Possibility of Starting Swimming Pool Fund

A committee has been selected by the Lions Club to investigate and report on the possibility of a community swimming pool in Antioch.

President Ted Larson has named Ed Kugle as chairman of the committee which will have as members Dr. G. W. Jensen, Homer La Plant, C. R. Keulman and Howard Gaston.

At present, Antioch children have to go to a pool near Round Lake to receive their Red-Cross swimming instruction.

Lakes in this vicinity are not regarded as suitable for this training. All that this committee will do will be to make an investigation and then the club will decide its action on the basis of its report.

Albert Felix, 56, Passed Yesterday of Sudden Heart Attack

Albert Felix, 56, of St. Benedict's Abbey, Benet Lake, died Wednesday as a result of a heart attack suffered while he waited in his car at the junction of routes 45 and 50 to pick up passengers for the Abbey. He had lived at Benet Lake for the past nine years, since the building of the abbey and had served as manager of "Our Faith Press", printing plant at the abbey.

He was born March 30, 1896, in Clyde, Mo. He graduated from Conception College at Conception, Mo., in 1917. He then worked in Commerce Trust Co., at Kansas City, Mo. He also operated his own bank at Conception Junction, Mo., for five years. After selling it he went to Corpus Christi, Texas, where he organized the South Texas Amort-Bank which he was in charge of until 1939, when he sold his interests and came here.

He was recently honored by Pope Pius XII, who named him a Knight of St. Gregory two months ago, for his fine and exemplary work in behalf of the Catholic Press. He is survived by one sister, Mrs. James Fitzpatrick, Reading Pa., and three brothers, John Felix, Houston, Tex., Ralph Felix, Ellensburg, Wash., and the Rev. Richard Felix, O. S. B., Benet Lake, Wis.

Funeral services will be held at 9 a. m. standard time on Saturday at the Abbey Chapel, then the body will be taken to Conception, Mo., where a service will be held on Monday.

New Unit Opened at Oakwood Knolls Where Lots Are Selling Fast

Seventy-five per cent of the original section of 375 lots in the Oakwood Knolls subdivision of the Crown Realty Co. at Cross Lake have been sold and a second unit of 100 lots has been opened.

Mark Horwitz, president of the realty company said that he expects 100 houses to be built this year and that next year 250 more should go up.

Horwitz says he doesn't expect to see much building at first until the lot purchasers establish an equity on which they can borrow to finance the building of the house.

Some of the houses are shells and others year round residences. One family already has moved in as noted by the village officials in his request for roadway improvement. This cannot be done until the ground settles.

The new unit just opened last week end is north of the first one and extends from the lake east.

Teen-Age Boat Races

The Petite Lake Racing Teens are sponsoring a race at the Minnola Hotel on Fox Lake, July 10, through the cooperation and donations of Sey's Boat Shop and Hewes' Boat Shop in Fox Lake, and King Beverage Distributor in Round Lake, Ill.

Contestants must be between the ages of 13 and 19 years of age and must have parents' written consent. For the safety of the racers it is required they wear a life jacket and helmet. There will be an entry fee and boat classes for all with beautiful trophies for the winners.

Recommendations by the village auditor that better records of parking meter penalties be kept were answered in part by the new box collection system installed last week.

The auditor said: "Records concerning arrest notices as well as parking violations are not satisfactory. A record should be maintained by the village clerk covering each arrest and its disposition. The Police Magistrate should be requested to report arrest ticket numbers in connection with the fines."

The suggestion also was made that a record of those not collected should be made, and that the stubs of all tickets given out be accounted for.

The new parking meter boxes through which the offender may place his ticket and the amount of the fine are doing such a good job that little is left to the police magistrate. An average of 14 of the 19 tickets given out during a day are paid for promptly through the deposit boxes. These tickets are tallied with the stubs of the police by the village clerk and the record is thereby kept.

An ordinance is needed to afford a stiff penalty for those who do not respond. The fine and police fee with that of the magistrate could be included.

Parking meter money averaged \$220.11 a month for the four months from May to August, and \$127 a month from January to April. The auditor said meters should be numbered to ascertain those non-productive.

Funeral services were held at 11 a. m. Monday at the Strang funeral home for Mrs. Charlotte Malone, 58, of 1207 E. 44th Pl., Chicago, who died unexpectedly of a heart attack last Thursday in her home.

Mrs. Malone was born in Paris, France, and had been a resident of Illinois since 1924. She and her husband, Frank, had maintained a summer home in Lakeview subdivision, Lake Marie, near Antioch. She was a member of the Walters' Union in Chicago where she resided since 1922.

Burial was in Mt. Carmel cemetery.

Democrats Set Aug. 21 Stevenson-Douglas Day In Waukegan Celebration

Stevenson-Douglas Day will be celebrated by Lake County Democrats next month with the appearance of both national figures at the Waukegan Township High School gymnasium.

Draper L. Daniels, chairman of the Lake County Democratic Central Committee, said today both Adlai E. Stevenson and U. S. Senator Paul H. Douglas will appear at the high school, 8:30 p. m. August 21. Former Governor Stevenson will welcome Douglas to Lake county and make a brief address. The major speech of the evening will be given by Douglas, who is seeking reelection in the fall.

Daniels noted that the political rally would give local voters an opportunity to see David F. Mallett, who is running for State treasurer, and Mark A. Peterman, who is the Democratic candidate for State Superintendent of Public Instruction. Both Mallett and Peterman are scheduled to talk. Other persons to be introduced will be the Lake County Democratic candidates.

Daniels noted that there was no admission charge and anticipated that the gymnasium would be filled with local voters.

He said the rally would initiate a vigorous Democratic campaign locally. Predicting that Douglas would carry Lake county, Daniels asserted that all local Democrats would be called upon to combat '68 years of growing senility in the local county government.

Appropriation Measure Filed With Clerk Calls For \$46,150 Spending

Village Board Leaves Pass- age of Ordinance to Later Meeting

An appropriation of \$46,150 was placed on file with the village clerk by the board of trustees Tuesday night and a vote on the ordinance will be taken later.

An estimated \$700 was appropriated for old age pension now that the village employees have been placed under the social security law, and this is probably the only important new item.

Clerk Shultis was notified by the auditor that he does not qualify for old age pension, and the amount paid in by the village for him and by Shultis himself was refunded. The auditor said that since the board did not include elected officers in the benefit, Shultis, as an elected official cannot qualify, although as collector alone he could.

The clerk's salary is again placed at \$2,500 instead of the \$3,600 originally contemplated. The amount was reduced at the beginning of the fiscal year when the trustees considered the salary too high for the amount of work required. For clerk, the salary is \$1,500 and for collector, \$1,000.

The largest item on the proposed ordinance is \$13,450 for road repair and upkeep, and the next, \$9,550 for police and equipment.

The board agreed to do some road improvement in the Antioch Highlands subdivision.

New Motor Mail Drop Box

It also complied with a request of Postmaster Roy Kufalk that a parking meter be removed from the front of the postoffice so that a drop letter box can be placed at the edge of the curb for motorists.

Complaint was made that people are parking in front of the First National bank and going in the bank rather than transacting business at the outside window for which the space is reserved.

The Crown Realty Co. represented by Mark Horwitz and son, asked for and received permission to get blanket permits on certain set-backs of houses now going up at Oakwood Knolls. Horwitz said that time of both the trustees and the purchasers of houses is lost through having to have an inspection of every permit when certain types are always the same. Two new types of houses were presented.

Get Option on Land

Horwitz told the board that he has an option on land south of State Line rd. in obtaining an outlet to a 24-inch drainage tile he intends to install to drain an area which held so much water that it flooded the highway.

The engineer's estimate on the cost of improving Broadway from Lake to Orchard st. was submitted. The state will approve the reconstruction of the long block with the installation of curbs. The trustees were at a loss to know why the present gravel coating has to be removed, but since the state insists, they will ask that it be hauled to the new subdivision east of the village for use as a base for streets there.

Cedar Lake Rd. School To Be Used Again to Take Care of Overflow

Lake Villa-Cedar Lake School on Cedar Lake rd. off Rte. 21 will be pressed back into use this fall to take care of an increased enrollment in Dist. 41 from 596 to 650 pupils.

To do this however, the directors may have to evict a family of eight which now occupies the building as a residence. Then the building must be remodeled for school rooms.

Roy Bonner, 40, a mechanic employed in a garage at Lake Forest, is seeking housing for his family ranging in ages from 18 months to 15 years. They have lived in the school house for eight months, having gone there when the house at East Shore Gardens where they lived was sold.

Oat Demonstration at L. A. Huebsch Farm Near Mundelein Friday

An oat demonstration meeting will be held at the L. A. Huebsch farm southwest of Mundelein on Rte. 63 at 1:15 p. m. tomorrow.

Farm Adviser Ray T. Nicholas said that Prof. J. C. Hackelman of the University of Illinois will be present to discuss the merits of 13 varieties in the test plot.

The varieties are Clinton 59, Clinton 25, Clintate, Missouri 0-206, Branch, Bomba, Nemaha, Sauk, LaSalle, Clarion, and Andrew.

Everyone who is interested in knowing how to get more bushels of oats per acre is invited to attend the meeting, Nicholas said.

Economic Highlights

How do pro-communists and gangster elements get control of major labor unions—including unions whose members work in some of the most sensitive defense industries? The answer is found in the apathy of the vast majority of the rank and file members.

That is the startling point made by Victor Riesel in an article appearing in the June 28th issue of The Freeman. Mr. Riesel is a nationally known writer on labor matters, and authors a widely syndicated newspaper column.

He writes, "A union having, say 20,000 members on its books may be run by the mere half-hundred men who are interested enough to turn out for meetings. It is estimated that of this country's 16,000,000 union members, only about 750,000 vote or monitor their officers' financial, industrial and political policies. As a result of this apathy, some unions have become captives of the criminal underworld or Communists."

Mr. Riesel cites some striking examples. He describes a "notorious pro-Soviet" union whose 70,000 members mine such vital metals as copper, nickel and uranium. In an election held last November, no one even opposed the pro-Soviet clique's candidate for president of the organization and less than a third of the membership voted. Moreover, a secretary-treasurer was re-elected who had refused to answer this question at a Senate hearing: "Do you feel that you are innocent of any part in a conspiracy to undertake to overthrow the government by force and violence?"

He tells of another case where a strike vote was held in a plant making jet motors. One of the unions involved has some 1100 members in the plant. Only 114 showed up to vote, and 85 of these favored the walkout. "Thus," he observes, "eight per cent of the affected membership decided union policy."

In still another case, in a big plant making precision electronic mechanisms, local union policy is decided by 10 to 25 members out of a total of 8,000. Mr. Riesel writes, "This disease of apathy respects no skill, no talent, no occupation."

The exceptions to the dismal record seem to be extraordinarily rare. Mr. Riesel does tell of the head of an electrical workers union in Chicago who has gone to great lengths to rally his 33,000 members against the few organized mobsters and communists who once tried to take over, and has succeeded. He even hires bands and vaudeville acts as attractions, and his union meetings are now the world's largest. "But this Chicago local is unique," Mr. Riesel writes in conclusion. "Neither scandals nor the security of our nation nor pride of organization stir the vast majority of the nation's 16,000,000 rank and filers, and labor leadership continues, for the most part, to go by default. It is time that the public, caught up

in feuds and shakedowns and espionage and danger of sabotage, put the blame squarely where it belongs."

Grass Roots Opinions

STANFORD, KY., INTERIOR JOURNAL: "Why does an Editor use the word 'we' in writing an editorial? The following explanation was published in the Williamstown Advocate over 100 years ago. A country Editor—is one who reads newspapers, selects miscellany, writes articles on all subjects, sells advertising and subscriptions, sets type, reads proof, folds papers, and sometimes carries them. . . . As he performs the work of so many different persons, he may justly . . . say 'we' on all occasions and in all places!"

POLSON, MONTANA, FLATHEAD COURIER: "In socialistic and communistic countries the representatives of government pull the strings and the puppets jump in a mechanical way that does not lend the enchantment of freedom to the work of the citizens."

EAST ROCHESTER, N. Y., HERALD: "The subsidizing of the highway transportation industry at the expense of the public, is a cost which should not be charged to the taxpayers."

LOVINGTON, N. M., LEADER: "If we would remain free and enjoy rising living standards, it is time for all of us to realize the necessity of encouraging the saver and stimulating to greater efforts the few constructive men and women among us who have the capacity endlessly to improve living standards for all of us."

WEST POINT, MISS., DAILY TIMES LEADER: "We talk of billions as if our weekly pay checks were calculated in eight and nine figure numbers. From the county seat to the federal government itself we have become lost in a maze of financial figures that should stagger us, but mean little to us."

The Low Down From Hickory Grove

You know folks, this is no time to even turn your head—and look away—with congress fixin' to hop the train for home. In the next few weeks it can open the Treasury door—and wide—and all the talk of economy waitin' our way, we been hearin' for months, can be put on the shelf and labeled "Oh Yeah!" or "Bosh" or "The big wind of 1954."

Now, all of congress, is not in this class. Just too many of 'em are flighty and that makes it just that much harder—and tricky-like—for economy minded persons such as Mr. HorseSense Benson. There is a gentleman—this Mr. Benson—from the land of the Saints, Utah—who deserves a pat on the back for his vertebrae, his gumption, his savvy, his understanding that you can't lift the mortgage by piling more and more expense on Samuel who is already over-drawn down at the bank.

No comic opera ever concocted a more weird, unreal plot—to get a laugh—than was waltzed out onto this country's stage under the title, "Props." And the show has been going on for 20 years. But instead of comedy it shows signs of developing into real drama. Mr. Benson needs everybody's help—nudge your congressman, he may be asleep, who knows. Maybe he don't comprehend that consumers by the thousands can finally become vexed—and can vote likewise.

Yours with the low down,
JO SERRA

SOCIETY EVENTS

Onsruds Hosts to Rear Admiral and Mrs. Dan. Gallery

Rear Admiral and Mrs. Daniel V. Gallery were the guests of honor among forty guests Monday afternoon at the summer home of Mr. and Mrs. R. F. Onsrud at Lake Catherine. Many prominent navy officers and their wives from the Glenview Naval Air Base were present.

They included General and Mrs. Frank Lamson-Schribner, U.S. M. C., Glenview command; Admiral and Mrs. L. J. "Patty" Kane, Colonel and Mrs. Kenneth Weir, Colonel and Mrs. Arthur Fisher, Colonel and Mrs. Albert Campbell, Commander and Mrs. McDonald, Captain and Mrs. Harry Horney, chief of staff; Capt. Ford Taylor, C. O.

Mr. and Mrs. Al Olsen, John Spiczak, Mr. and Mrs. George Canning, Mr. and Mrs. Blair Varnes, Mr. and Mrs. Arthur "Pappy" Olsen, William Schroeder, Mrs. A. Meyers of the Chicago Boys Club, Miss Sharon Davis, Ted Muddiss, Mr. and Mrs. Charles Onsrud and son, Thomas, Miss Carolyn Onsrud and Master Trooper, Mr. and Mrs. Robert Wallshaw, and Mr. and Mrs. Roy Carlson.

The party was favored with perfect weather and pastimes of motor boating, bowling, horseshoes, and music were enjoyed.

The outdoor bowling game consisted of a regulation bowling ball suspended from a tree limb and a full set of regulation pins on a spotted platform. Strikes, spares, and splits were all in the game.

Admiral Gallery and Rudy Onsrud teamed up to cap the horseshoe throwing contest. Commissioner John Spiczak, U. S. M. C. combined his singing talents with Mercie Lamson-Schribner, Angie Onsrud, and Pappy Olsen to produce close harmony.

Admiral Gallery has been in Chicago in the interest of raising money to finance the placing of the German U-Boat U-505 in the Museum of Science and Industry as a monument to those of the American forces who lost their lives at sea. His address "No Tombstones on the Sea," is a strong plea for a memorial of this kind.

Admiral Gallery's fame rests in the capture of this famous German submarine which had sunk a thousand vessels before it was captured. The "live" capture of the sub symbolic of the part the U. S. Navy played in winning the Battle of the Atlantic, was a feat worthy of the best in naval traditions. Nazi radio code books and the acoustic torpedo captured with the U-505 greatly aided in the ultimate Allied victory.

"You can expect the most raiding in the best melon patch"

You can bet your bottom dollar on it.

Come next year, or the year after that, you'll be seeing on other cars some of the styling features you see in Buick today.

We expect it. It has happened before. And there is good reason for it—popular appeal.

Take, for example, the car model shown here.

We call it a Riviera. Most people call it a "hardtop."

When Buick introduced this body type in 1949, it was a completely new thing. And it was an instant hit.

Today, Buick "hardtops" outsell all other models in the line. It's the styling America has taken to its heart.

So today you find that every major car maker has his own version of this Buick original. (And we can't blame them a bit. They know a good thing when they see it.)

Maybe you've noticed other such borrowings from Buick.

The diagrammatic sketch shown here lists some of the Buick advances that are now reflected in styling of other cars—or will be soon.

For you can be sure that the great panoramic windshield first shown by Buick this year will be copied. It's too good to pass up.

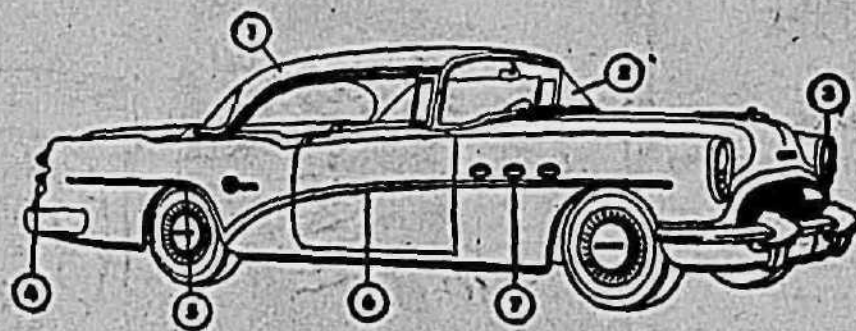

And you can be sure that the full rear-wheel cutout now on every 1954 Buick Riviera and Convertible will show up elsewhere in the future. It's a sports-car touch that hits a really popular note.

We're sure of such things.

We're sure because the tomorrow-styled Buick of today seems to be just what people want. Because Buick sales are soaring. Because Buick now outsells every other car in America except two of the so-called "low-price three."

So to you we say—why wait another day to see and drive a new Buick? It's the beauty of the year. It's the buy of the times. And it's a wonderful way to head up the parade.

Drop in this week for a demonstration, won't you?

KEY TO SOME STYLING "FIRSTS" BY BUICK

1 Riviera "hardtop" body type 2 Panoramic windshield 3 Visored headlamp grouping 4 Hooded tail light assembly on Skylark 5 Full rear-wheel cutout 6 Fender sweepers 7 Ventiports (Remember Buick's first ventiports on front fenders? Some folks even bought copies of these chrome rings to put on jalopies!)

Parents of Daughter

Mr. and Mrs. Donald Hoem of Waukegan are the parents of a daughter, "Cynthia Lee," born July 3 at St. Therese hospital, Waukegan. Mrs. Hoem is the former Miss Darlene Bauer, daughter of Mr. and Mrs. Louis Bauer of Antioch.

Mr. and Mrs. Warden Wilby of Zion were callers at the Earl Crawford home Monday.

Mrs. H. E. Shepard, who spent the Fourth in Antioch with her mother, Mrs. H. B. Gaston and other relatives left for her home at Lake Lotawana, Mo., Wednesday morning. Mrs. Howard Gaston and children Jill and Homer accompanied her home for a visit.

ANTIOCH WOMAN'S CLUB

TO HOLD BOARD MEETING
Antioch Woman's club will hold its second summer board meeting at the home of Mrs. Louis Biel at 1:30 Monday, July 12. All board members are urged to be present and all past presidents are invited to attend.

Try Out New Dispenser
Using the Antioch dispenser station as a testing place, the Willowdale Co. last week added a Stowe chocolate milk dispenser which emits either pints or quarts. Trouble has resulted in persons trying to put in pennies for the 17-cent carton, whereas they are expected to put in 20 cents and receive 3 cents in change. The machine won't take pennies.

Vehicle tags must be purchased by Antioch residents by July 17, after which arrest tickets will be given out to violators, according to Police Chief Walter Scott. The licenses may be obtained from the village clerk.
